 **PLATINUM**

by 

Platinum è una linea di maschi che copre una vasta gamma di applicazioni dal rapporto qualità/prezzo ragguardevole. Abbiamo concentrato l'offerta di questa linea di maschi su un numero di articoli che possa coprire il 70% circa delle lavorazioni di maschiatura, questo consente di ottimizzare i lotti di produzione e di avere pronto a magazzino l'intera gamma dei prodotti.

Platinun is always the right choice. It is a true universal taps covering a broad range of applications (70% about). Platinum line is a new line of taps with highest quality highest performance. This program includes the most common threads. **The special geometry offers a high price-quality ratio and garantees optimal machining results.**
