

**SAMBO  
METALS**

**For cold finished bars**

Carbon Steel | Stainless Steel | Spring Steel  
Alloy Steel | Free-cutting Steel | Seamless Pipes

## PRECISION • STRENGTH • RELIABILITY

At SAMBO STEELS, we provide a comprehensive range of high-quality bright steel bars, engineered to meet the most demanding applications. Our diverse selection of carbon steel, stainless steel, spring steel, alloy steel, and free-cutting steel is available in various grades and dimensions, ensuring the perfect fit for your needs.

Our advanced manufacturing technologies ensure dimensional precision, smooth surfaces, and exceptional structural strength—key qualities for high-speed and precision components such as shafts, bearings, and bushings. With a focus on quality and performance, our steel solutions are engineered to meet the highest industry standards.

The management system is certified

### CARBON STEEL

| GRADE          | C15 C22 C35 C45 C55 Cf53 St37 St44 St52 AISI1010 AISI1018 AISI1020 |  |  |  |
|----------------|--------------------------------------------------------------------|--|--|--|
| PROFILE        | ROUND                                                              |  |  |  |
| PRODUCT        | COLD DRAWN/ PEELED/ GRINDED/ POLISHED                              |  |  |  |
| DIMENSION (MM) | 10 - 150                                                           |  |  |  |
| LENGTH (MM)    | 6,000                                                              |  |  |  |

### STAINLESS STEEL

| GRADE          | 303                          | 304 | 304L | 316 | 420 |
|----------------|------------------------------|-----|------|-----|-----|
| PROFILE        | ROUND/ SQUARE/ FLAT/ ANGLE   |     |      |     |     |
| PRODUCT        | COLD DRAWN/ PEELED/ POLISHED |     |      |     |     |
| DIMENSION (MM) | 10 - 150                     |     |      |     |     |
| LENGTH (MM)    | 6,000                        |     |      |     |     |

### SPRING STEEL

| GRADE          | 55Cr3                       | 50CrV4 | 51CrMoV4 | 60Si7 |
|----------------|-----------------------------|--------|----------|-------|
| PROFILE        | ROUND                       |        |          |       |
| PRODUCT        | COLD DRAWN/ PEELED/ GRINDED |        |          |       |
| DIMENSION (MM) | 10 - 100                    |        |          |       |
| LENGTH (MM)    | UP TO 8,500                 |        |          |       |

### ALLOY STEEL

| GRADE          | 16MnCr5                     | 41Cr4 | 42CrMoS4 | 42CrNiMo6 | 32CrB4 | 36CrB4 |
|----------------|-----------------------------|-------|----------|-----------|--------|--------|
| PROFILE        | ROUND                       |       |          |           |        |        |
| PRODUCT        | COLD DRAWN/ PEELED/ GRINDED |       |          |           |        |        |
| DIMENSION (MM) | 10 - 80                     |       |          |           |        |        |
| LENGTH (MM)    | 3,000 - 6,000               |       |          |           |        |        |

### FREE-CUTTING STEEL

| GRADE          | 11SMnPb30                   | 11SMn30 | 11SMnPb37 | 11SMn37 |
|----------------|-----------------------------|---------|-----------|---------|
| PROFILE        | HEXAGONAL/ ROUND/ SQUARE    |         |           |         |
| PRODUCT        | COLD DRAWN/ PEELED/ GRINDED |         |           |         |
| DIMENSION (MM) | 10 - 150                    |         |           |         |
| LENGTH (MM)    | 3,000 - 6,000               |         |           |         |

### SEAMLESS PIPES

| GRADE          | GR.B (API 5L / ASTM A106 / ASTM A53)      |  |  |  |  |
|----------------|-------------------------------------------|--|--|--|--|
| PROFILE        | ROUND                                     |  |  |  |  |
| PRODUCT        | COLD DRAWN/ PEELED/ GRINDED/ POLISHED     |  |  |  |  |
| DIMENSION (MM) | AVAILABLE IN ALL STANDARDS & CUSTOM SIZES |  |  |  |  |
| LENGTH (MM)    | 6,000                                     |  |  |  |  |
