1. SHORT INTRODUCTION

STONENG S.r.l. is a leading Italian Engineering Consulting Company in the field of on-shore, off-shore, chemical, petrochemical, naval and pharmaceutical field.

The provision of Technical Services for Companies, is the mission of the STONENG S.r.l. and today is the image of itself in the world.

STONENG S.r.l. is made up of company and people who share long-lasting and valuable relationship between them.

We pay great attention to deliver the highest possible standards of quality and efficiency to our Clients.

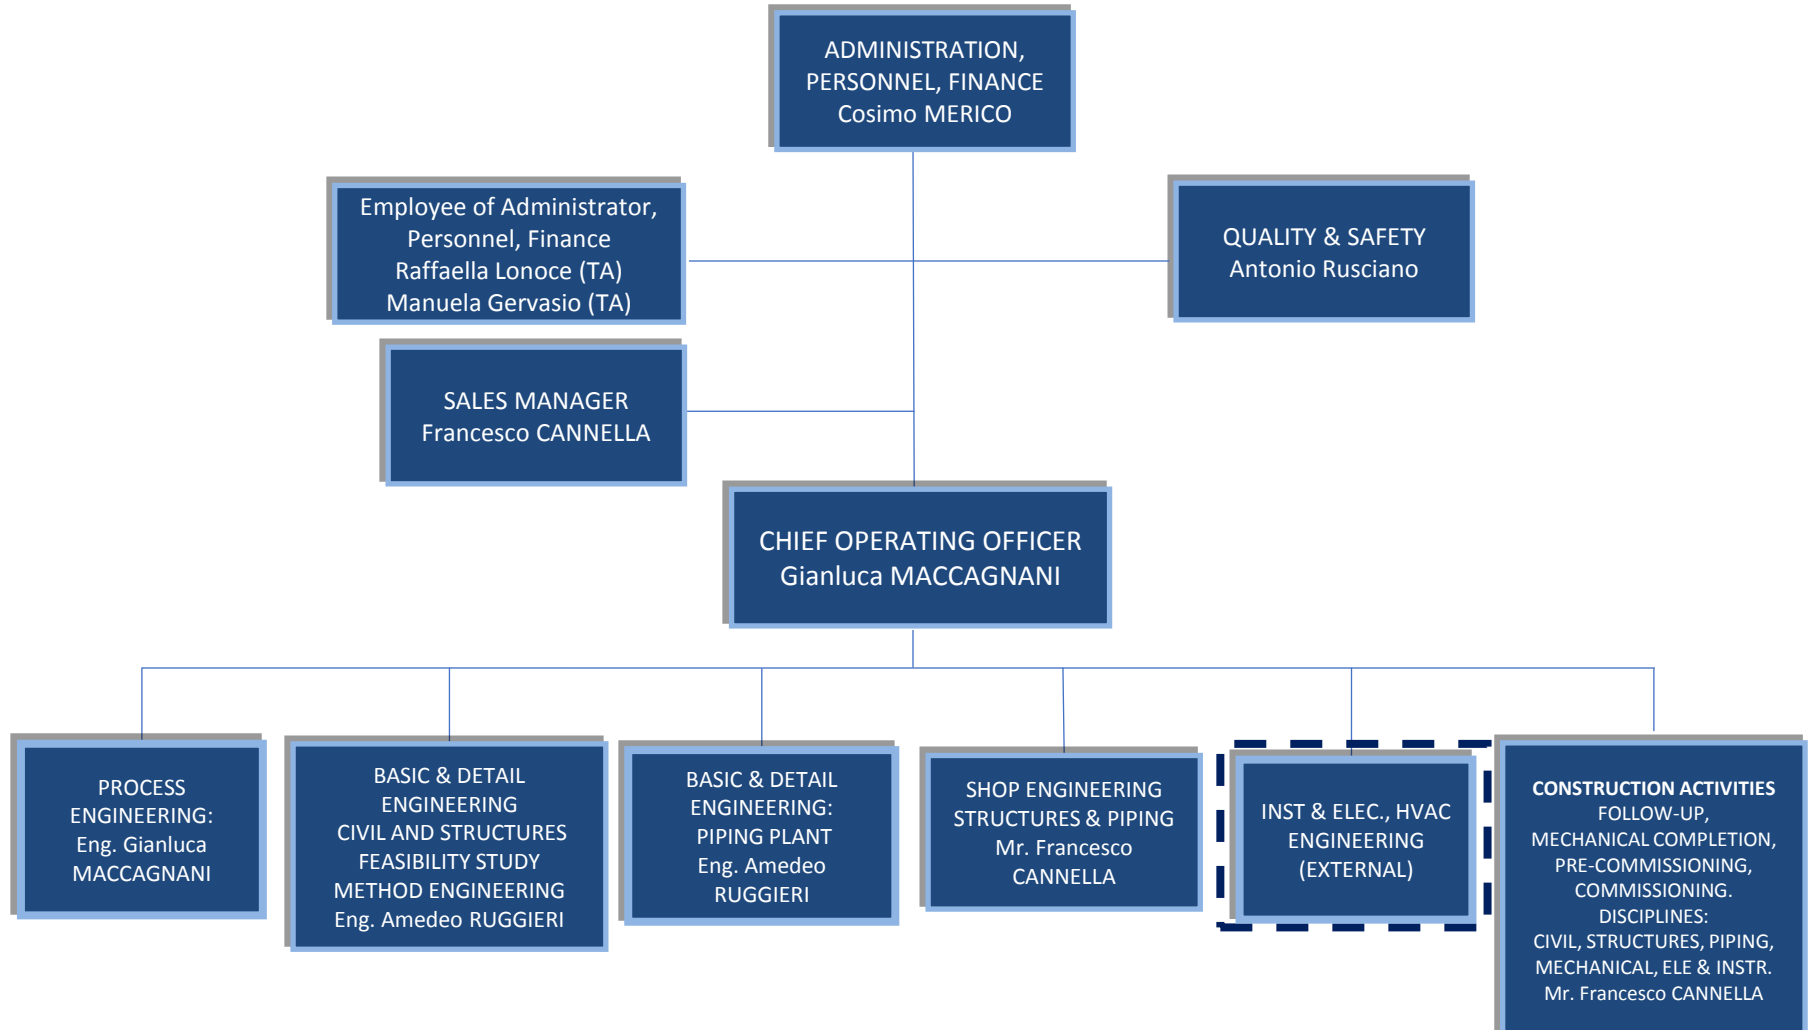

The development of Engineering (process, basic, feasibility study and detail) is performed by qualified personnel and latest generation softwares.

The Consulting of the STONENG S.r.l. is dedicated to the Clients and is not a standard. This is defined and agreed with the Clients according to the their needs, targets and requests.

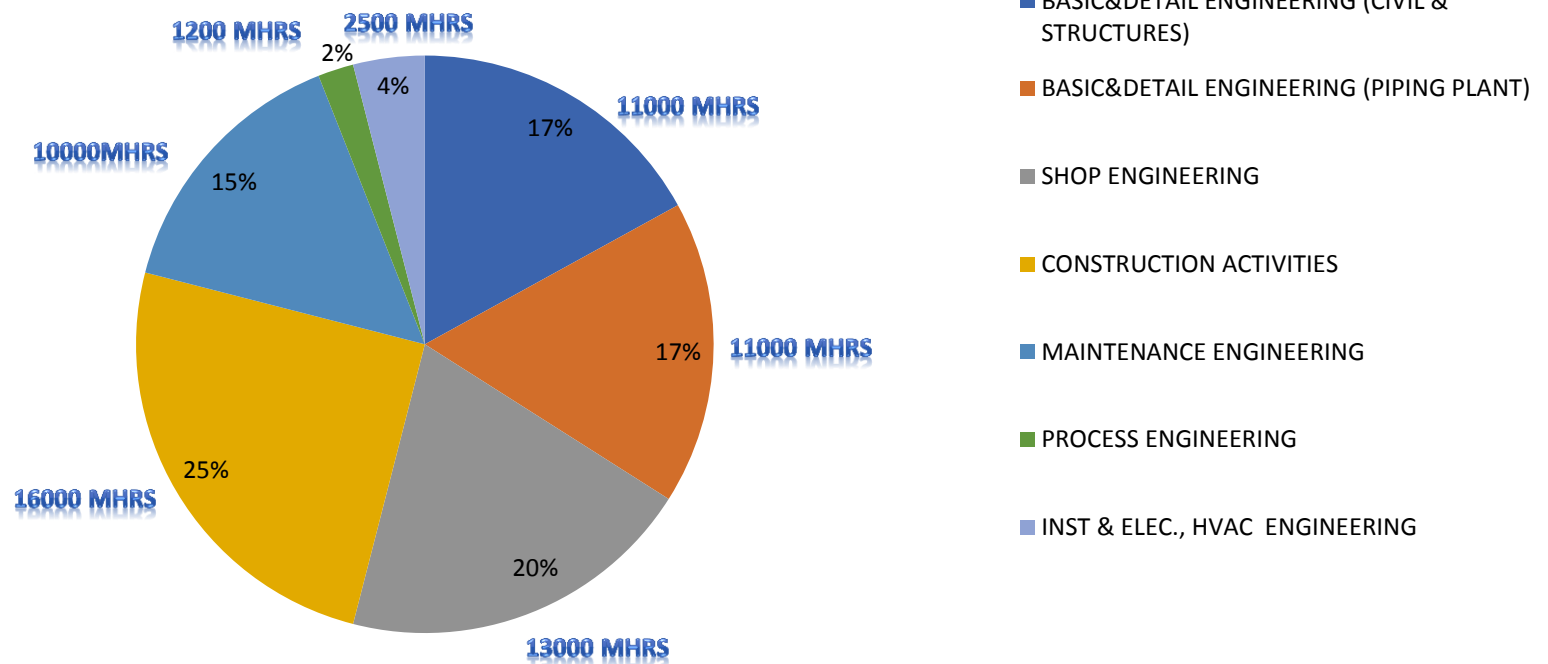

The STONENG S.r.l. has constantly and successfully made available its technical and management skills for the execution of important projects in Italy and abroad collaborating with some of the main EPC companies such as, just to name a few, SAIPEM, Rosetti Marino etc.

Our primary goal is customer's satisfaction and for this reason we aim to provide services placing our utmost attention to quality, on time delivery, and HSE especially when we are involved in operation activities.

2. ORGANIZATION CHART

3. YEARLY WORKLOAD ACTIVITIES

4. EXPERTISE

The STONENG S.r.l. coordinates and/or develops all ordinary engineering activities as well as the technical aspects of a work order from the beginning to the end of each project.

Main Activities

PROJECT MANAGEMENT

We provide expertise, skills and technology for developing of complex projects

CONSULTING

We provide consulting and training in the area of industrial engineering, safety and security work, fire-prevention.

ENGINEERING

The consolidated multidisciplinary expertise, enables us to support the Customer in the development of civil engineering, piping, mechanical, process.

MODELING 3D FOR MANUFACTURING

Through the use of specialized software we develop prototypes for subsequent sending to the production

ENVIRONMENT & ALTERNATIVE ENERGY

Environment, alternative energy, industrial wastewater treatment, we provide advice and support for construction of turnkey plants

AUTHORIZATION ENGINEERING

We assist the Customer in the development of the necessary authorization procedures for issuing licenses for building.

5. REFERENCE LIST

2020 - Bonatti / Fano - Detailed engineering, for Piping
2020 - Suez Spa - Technical Service in Water Treatment Place (Napoli)
2020 - Baker Hughes - Detailed engineering for Skid
2020 - Sea Srl - Technical process assistance for the pem cemen-tificio project of lafarge holchim at the le teil factory
2020 - Aeron Europe Srl - Detailed engineering for Support Sarlux Refinery
2020 - Aeron Europe Srl - Detailed engineering forVRU for ENI Refinery of Taranto
2020 - MARINA MILITARE - Engineering services for PFTE-PE-PSC JP5 POL Chiapparò
2020 - RINA/Saipem - Engineering services for Mechanical Design and Vendor Follow-Up of pressure equipment ANADARKO Project
2019 - FBM Srl - Modeling and Design Structures for Tecnip projects
2019 - EXSPERTISE/ENI R&M - Detail Engineering "Sulfur Degassing Column", Piping Discipline
2019 - SIMECO/ENI R&M - Basic VRU Extra Rete load shelters
2019 - SIMECO/ENI R&M - Basic additives for finished Products
2019 - SIMECO/ENI R&M - Specific for RdA and Technical alignment for VRU Race for the bitumen storage tanks north of the SS 106
2019 - SUEZ / PIZZAROTTI - Engineering activities for SUEZ / PIZZAROTTI - Cuma Purification plant - Biogas Plant
2019 - SIMECO/ENI R&M - Basic Revamping of fresh water supply to the fire prevention system - Zigari pumps scaling
2019 - SIMECO/ENI R&M - Basic vapor recovery from ship loading to fuel gas network
2019 - SIMECO/ENI R&M - Basic Filtration of bitumen vapors from Navi loading
2019 - SIMECO/ENI R&M - Process engineering for new bitumen VRU implementation with Labio Test Technology
2019 - PES Srl/ENI R&M - Process engineering for VRU improvements T-3260 and T-3261
2019 - PES Srl/ENI R&M - Detailed engineering for Hot Oil adjustment
2019 - PES Srl/ENI R&M - Engineering assistance Punch List Contingency Plan
2019 - VERTICAL - Basic & Detail Engineering for Vertical Wind Tunnel Project
2019 - PES Srl - Multidisciplinary Engineering Offshore Energean Prinos Project
2019 - PES Srl/ENI Refinery of Taranto - Technical and Process assistance for commission T-3143 - verification of new utilities circuit (hot oil and cooling) at the service of bitumen pumps P-3278 a / b / c T-3143 at the ENI Refinery of Taranto
2019 - PES Srl/ENI Refinery of Taranto - Technical and Process Assistance for the Garo Project at the ENI Refinery of Taranto
2019 - Ghana / Saipem Spa - Mechanical Completion & Engineering, for Piping & Structures for EPCI TEMA Project
2019 - Saipem Spa / Milan - Modelling Activities for Lukoil Project
2019 - Basis / Rosetti Marino - Detailed engineering, for Supports Living Quarter Tyra Project
2019 - Star (Arabia) - Primary and Secondary Structures Shop Drawing of Berri 521-525 WHP Deck
2019 - Ghana / Saipem Spa - AS-Built Structures & Piping for TAKORADI - TEMA Project
2019 - Ghana / Saipem Spa - Detail Engineering for Structures for TAKORADI - TEMA PS-02, PS-03, PS-06 Project
2019 - Ghana / Saipem Spa - Mechanical Completion & Engineering, for Piping & Structures for EPCI TAKORADI Project
2019 - Saipem Spa - Modelling and Drafting Activities for SAIWEST-Eni-Ghana-EPIC Takoradi - Piping Supports
2019 - Saipem Spa - Modelling Activities for Dogger Bank Jacket Project
2019 - Star (Arabia) - Primary, Secondary and Tertiary Structures Shop Drawing of Berri Tp-4 Jacket
2019 - Saipem Spa / Milan - Modelling and Drafting Activities for Ca Voi Xhan Project
2019 - Saipem Spa - Modelling Activities for STD E&I Supports & Outfitting
2019 - Star (Arabia) - Isometric Spooling Drawing Preparation BERRI TP-4 Deck
2019 - Star (Arabia) - Isometric Spooling Drawing Preparation MRJN TP-1 Deck
2019 - Star (Arabia) - Tertiary Structures Shop Drawing of Berri Tp-4 Deck
2019 - Star (Arabia) - Primary and Secondary Structures Shop Drawing of Berri Tp-4 Deck
2019 - Star (Arabia) - Primary and Secondary Structures Shop Drawing of Mrjn Tp-1 Deck
2019 - Rosetti Marino Spa - Shop Drawings Structures for Jacket Tolmount Project
2019 - Sodai Srl - Revamping plant TAF ENI Refinery of Sannazzaro
