LONG TRADITION YOUNG CREATION

Le collezioni Rosenthal hanno sempre unito lo spirito del tempo con l'atemporalità. Lavorando con artisti, designer e architetti, sono stati e vengono creati classici moderni che, orientati alla tradizione di ieri, uniscono mode e tendenze di oggi ai concetti di domani.

Per molti anni, il mondo Rosenthal si è esteso oltre la tavola, mettendo insieme prodotti che combinano l'aspirazione del marchio per design, finitura e qualità in un concetto di interni unico. La costante ricerca di stile e sviluppo, non poteva trascurare il prezioso mondo dell'Argento. Una lavorazione attenta, l'attenzione per i dettagli e i materiali migliori creano una collezione ricca e raffinata come solo Rosenthal sa fare.

Rosenthal collections have always combined the spirit of time with timelessness. By working with artists, designers, and architects, it has been creating and still now creates modern classics, that, orientated towards yesterday's heritage, combine today's trends and tendencies to tomorrow's concepts.

For many years, the Rosenthal world has spread beyond the laid table, uniting products that combine the brand's aspiration for design, finishing, and quality to a unique interior concept. The everlasting research in style and development, could not overlook the precious world of Silver. A careful manufacturing, attention to detail and finest materials create a rich and refined collection as only Rosenthal can do.

Die Rosenthal Kollektionen verbinden seit jeher Zeitgeist mit Zeitlosigkeit. Aus der Zusammenarbeit mit Künstlern, Designern und Architekten entstanden und entstehen moderne Klassiker, die, orientiert am Erbe der Vergangenheit, Trends und Tendenzen des Heutigen zu Konzepten der Zukunft bündeln.

Die Rosenthal Welt reicht dabei seit vielen Jahrzehnten weit über den gedeckten Tisch hinaus und vereint Produkte, die den Anspruch der Marke an Design, Verarbeitung und Qualität zu einzigartigen Interior-Konzepten zusammenführen. Die beständige Entwicklung neuer Produkte umfasst auch feine Silberwaren. So ist eine Kollektion entstanden, die von der Liebe zum Detail, hochwertigsten Materialien und einem sorgfältigen Fertigungsprozess geprägt ist – so einzigartig, wie es nur Rosenthal Produkte sein können.
