catalogue 2025

Make yourselves comfortable. Today, we're cooking.

We know very well that cooking for others means caring for them. It requires creativity, finding the right, high-quality ingredients, patience and, above all, time.

Something that never seems to be enough.

That's why we at Qcino want to offer you a new experience: our products are ready-made, for quick cooking that doesn't compromise on quality. In fact, quality is precisely what gives them their added value.

Our story began in the ready-made sauce sector more than twenty years ago.

Today, with a passion for gourmet cuisine that is convenient, quick and affordable for everyone, we have created the Qcino brand and its innovative line of products to enrich your table with flavour: risottos, polenta, mashed potatoes, vegetable broths, herb mixes and dry marinades for grilling, surprising breadcrumb coatings, soups, legumes and flavoured salts.

Browsing through our catalogue means embarking on a journey through some of the finest Italian gastronomic products: Italian Carnaroli rice, Piedmont IGP hazelnuts, Colfiorito legumes, Rubatà Piemontesi breadsticks...

All you have to do is let yourself be amazed.

From today, there is Qcino.

qcino

rice

FROM ITALIAN CROPS

Each batch of rice undergoes microbiological analysis and tests to ensure it is free from heavy metals.

INGREDIENTI: spezie (pepe nero, aglio secco) in prop. variabile, sale, aromi, olio di girasole

gourmet salts

A TOUCH OF CLASS

FROM THE WORLD

Guérande grey salt (Brittany)

Glass jar - weight 80g - cod. SAGBN

Packaging 6 pieces

INGREDIENTS: grey salt

Guérande grey salt is extracted in the Pays de la Loire region (France). It is not treated with bleaching agents and does not undergo any type of refining, which is why it retains its characteristic grey colour. It is still harvested using traditional methods based on ancient Celtic techniques, which involve the use of wooden tools rather than metal ones, so as not to contaminate its purity. Once harvested, the salt is lined up and sifted without undergoing any treatment or washing, i.e. without the use of any enhancers or other chemical substances. Guérande Grey Salt has a characteristic and unmistakable aroma that enhances dishes. Its subtle and delicate flavour makes it ideal for seasoning a variety of dishes, from meat to fish to vegetables. It is an excellent whole and natural salt.

Hawaiian red salt

Glass jar - weight 80g - cod. SARHN

Packaging 6 pieces

INGREDIENTS: red salt

A very special Hawaiian salt that owes its reddish colour to volcanic clay deposited at the bottom of the salt pans. When the salt dries, it acquires a unique, intense and full-bodied flavour characterised by a typical hint of toasted hazelnut, making it particularly suitable for grilled meat and fish and roast lamb and pork. This salt, with its unique, intense and full-bodied flavour characterised by a typical hint of toasted hazelnut, is particularly suitable for grilled meat and fish and roast lamb and pork. Intriguing and visually appealing, it can also be used to decorate serving dishes.

Sicilian salt flakes

Glass jar - weight 80g - cod. SAFSN

Packaging 6 pieces

INGREDIENTS: whole salt from Sicily

It is sea salt harvested by hand in the salt pans of Sicily using a thousand-year-old traditional method and dried by the sun and wind. It is obtained without the use of chemicals, thus preserving its natural properties. Fleur de sel, with its precious fine and light crystalline texture, is a salt of exceptional quality, naturally white, very rare and unwashed, preserving its natural richness. Recommended for enhancing the flavour of vegetables, crudité, seafood and grilled meats.
