

## MEDIACHROME MGO

### Trolley Monitor

The Mediachrome GO, is an innovative "Trolley Monitor": it looks like a traditional A-line easel however, it is completely digital and has lockable wheels, clean lines and compact size, suitable for any location that needs to adopt a non-invasive tool. Videos, images and animations can be viewed with the greatest flexibility thanks to the quality of the 500 nits Full HD 32" LCD panel with backlight LED technology. Your media is simply loaded on a local memory usb or sd card, or can also be sent remotely through a simple software application via the Internet. The MGO has an anti-theft security system and is particularly suitable for the substitution of traditional posters and paper ads.
