Azlon

The new Azlon® multi-lingual wash bottle gives you chemical names and safety instructions in four European languages - English, French, German and Spanish.

We've also updated the design to reflect the very latest changes in new hazard warning pictograms.

Plus, of course, you get all of the regular features and benefits this highly popular laboratory essential, including Driplok® vapor venting technology.

Our unique patented two-way valve lets the vapor escape when pressure builds up and stops air getting into the liquid.

The result - no more hazardous drips or dribbles and an accurate, continuous dispensing stream.

Bottles, wash, multi-lingual, non-venting, wide neck, LDPE

- Multi-lingual wide neck wash bottles
- Indelibly printed in 4 languages (English, French, German and Spanish)
- Choose from three water or five solvent labels all including the new Globally Harmonized Symbols, NFPA diamond, risk phrases and safety information
- Fitted with color coded one-piece PP closures that maintain their shape in use
- Closures feature precision jet-tip aperture for fine control
