Hello! Thank you for your interest in opening a Weaver Equine account. Please take a few minutes to read our policies and complete the form on the reverse side in its entirety. Return the form, along with pictures of the inside and outside of your retail store, to us via fax or email at newtackaccounts@weaverbrands.com as soon as possible. Upon receiving, reviewing and approving your application, we will give you a Weaver Brands Account Number to use when ordering. Upon receiving your Weaver Brands Account Number, you may begin ordering from our catalog immediately. Please note: first time orders must total \$3,000 or more in Weaver Brands items (excluding shipping charges). We also require dealers to order a minimum of \$2,000 annually. If you have any questions regarding this application, please call us at 800-932-8371 or 330-674-1782. Thank you.

Weaver Brands takes into account many factors when approving a new dealer. We reserve the right to approve your application based upon information gathered from a variety of sources.

Wholesale Only We have strict guidelines for selling our nylon and leather tack products through qualified, *industry-related retailers* and marketers only. Our careful screening and customer application process assures us and our dealers that we are a wholesale business that sells only to qualified dealers.

Minimum Advertised Price (MAP) Policy: Weaver Brands strongly supports qualified retailers who stock, sell and provide a high level of service for Weaver Brands products by maintaining retail locations, in-store displays, catalogs and websites. We have adopted our Minimum Advertised Price (MAP) policy to protect our premium brand image and reputation for quality products, and to support the interests of Weaver Brands retailers. The MAP Policy below replaces any previous MAP Policy issued by Weaver Brands. Please read the complete guidelines below or by visiting <https://weaverbrands.com/map-policy>. If you have any questions regarding these guidelines, please email us at brandprotection@weaverbrands.com.

Additional Details:

1. Weaver Brands will maintain an updated and current "**Minimum Advertised Price List**" of the Weaver Brands products subject to this MAP Policy.
2. Retailers should advertise Weaver Brands products to consumers at prices no lower than the MAP Price listed for each listed product.
3. "Advertised" in this MAP Policy applies to any advertising of all applicable Weaver Brands products in all print, radio, television and electronic media. This includes, but is not limited to, flyers, mail order catalogs, magazines, newspapers, direct mail, inserts, television ads, billboards, radio spots, websites, forums, online marketplaces, email, social media posts, and public signage.
4. Advertising or promotions that express or imply a price less than MAP will be found to violate this MAP Policy. Examples include, but are not limited to:
 - i. Listing a price lower than MAP in any form of advertising
 - ii. Store-wide or site-wide discounts that bring Weaver Brands products below MAP
 - iii. "See price in cart" type methods of enticing customers to find a price below our MAP at a later stage of purchase
 - iv. "Buy one, get one free" offers
 - v. Strike-through pricing
 - vi. Instant rebates that would bring the net price below MAP price
5. From time to time, Weaver Brands may run national promotions on specific products. During the effective dates of these promotions, the MAP prices may be adjusted to reflect applicable manufacturer coupons, discounts or rebates.
6. From time to time, Weaver Brands may choose to permit retailers to advertise products at prices lower than the MAP price. In such MAP holidays or special events, Weaver Brands reserves the right to modify or suspend the MAP price for a specific period of time by providing advance notice to all retailers of such event.
7. The policy does not apply to discontinued Weaver Brands products. As products are discontinued by Weaver Brands, they will be removed from the MAP Price List and communicated to retailers.
8. This policy is not applicable to any in-store advertising that is physically displayed only in-store and not distributed to any customer. In-store displays, point-of-sale signs, hang tags, and similar marks which state only the price are not considered "Advertising" for purposes of this policy.
9. This policy applies only to advertised prices and does not affect the prices that retailers may charge for Weaver Brands products. Retailers remain free to sell Weaver Brands products at any price they choose.
10. Weaver Brands reserves the right to update or modify the MAP Price List of applicable products and prices at any time. Any changes will be communicated to retailers in advance.
11. Violations of the Weaver Brands MAP Policy by any retailer will be enforced by Weaver Brands with consequences that may include:
 - i. Termination of open purchase orders
 - ii. Refusal to ship specific products until retailer is in compliance with MAP policy
 - iii. Refusal to process any future orders
 - iv. Loss of account status to purchase Weaver Brands products
12. Weaver Brands reserves the right to modify, update, or terminate this MAP Policy at its discretion at any time.

Distribution Channel and Third Party Policy for All Weaver Brands Products:

- All Weaver Brands dealers may sell products through approved physical retail locations, properties and operations including all events and trade shows.
- Dealers may sell on their branded dealer websites, **excluding** third party sites and marketplaces.
- Weaver Brands grants exclusive distribution to sell on third party sites and/or marketplaces including, but not limited to, the following: Amazon, eBay, and Etsy.
- When a dealer with multiple store locations violates this policy at one location, Weaver Brands considers this to be a violation by all the dealer's locations, both physical and digital.
- Violators of this policy will be notified and subject to possible suspension of new orders until account is in compliance. Repeat offenses may result in agreement termination.

When completed send to: Weaver Brands, Attn: Customer Service, PO Box 68, Mt. Hope, OH 44660-0068 or Fax to 800-693-2837

- The dealer orders a minimum of \$2,000 in Weaver Equine products annually.
- **Third Party Websites** - We require prior authorization to sell Weaver Equine products on third party websites (Amazon, eBay, Etsy, Jet, Walmart, etc.). All approved Weaver Equine retailers are able to sell Weaver Equine products in their brick and mortar locations and branded websites, however, we will be requiring authorization for resellers to market Weaver Equine products on third party websites.

Please Note: Mobile Or Website Only Businesses Do Not Qualify.

In order to ensure a potential dealer has a business establishment, we contact our independent sales representative in the area to verify that the business is legitimate. To speed up this process, we are requesting dealers to submit photos of their stores. To process a dealer application, we require photos of signage both inside and outside of the store. Inside photos should also include the sales counter and product displays from throughout the store.

Minimum Advertised Price Policy

Weaver Equine strongly supports qualified retailers who stock, sell, and provide a high level of service for our products by maintaining retail locations, in-store displays, catalogs, and websites. In order to protect our premium brand image and reputation for quality products, and to support the interests of Weaver Equine retailers, we have a Minimum Advertised Price ("MAP") policy. For the most up to date policies, please read the complete guidelines on page 171 of the 2026 price list or by visiting <https://weaverbrands.com/map-policy>. If you have any questions regarding these guidelines, please email us at brandprotection@weaverbrands.com.
