THE BEST TECHNOLOGY AT YOUR SERVICE

Founded in 2003, **SERREMAR ITALIA S.r.l.** has been a consolidated reality for over twenty years in the world of national and international road transport of goods.

The company has always maintained a constant growth trend, the result of the passion and entrepreneurial ability of the Reviglio family, and the valuable contribution of their faithful collaborators.

The great experience and above all the remarkable organizational capacity, have allowed the company to articulate, regulate and optimize well-tested mechanisms such as to be able to face the challenge of the third millennium with determination.

That is why, whatever the problems to be faced, **SERREMAR ITALIA S.r.l.** is able to quickly guarantee a range of logistical and operational solutions that are absolutely advantageous in terms of competitiveness, services and quality.

CONTACTS

LOGISTIC AND TRASPORTS

Our goal is to offer a service in complete reliability and quality with the use of our own vehicles.

SERREMAR ITALIA S.r.l. offers personalized logistics with flexible and tailor-made services. Our policy is to carry out all the services requested by customers, in full compliance with the relevant regulations, relying on the professionalism and common sense of ourselves and our employees, who come from decades of experience in the sector.

Whatever the needs in terms of volumes, delivery times and transport complexity, **SERREMAR ITALIA S.r.l.** is able to propose customized solutions tailored to your business. We guarantee regular departures, punctual delivery and widespread coverage of the whole Italian and foreign territory.

A vast and diversified fleet of vehicles offers transport services for the most varied types of goods: operating machines of any size, prefabricated products in reinforced concrete of any shape and size, transport of aggregates, transport of waste and any other product in the field of construction, industry and prefabrication.

Our vehicle fleet consists of:

- **Trucks**
- **Articulated trucks**
- **Semi-trailers:** flatbed – box - tippers – low-bed – tanks for aggregates - extendable – mobile platforms – cisterns.

Our vehicles are able to carry out any type of transport being equipped with appropriate authorizations and permits.

MOVIMENTO TERRA

SERREMAR ITALIA S.r.l. has a solid reputation in **earth moving**. With the experience acquired, the team of specialized workers and the large **fleet of vehicles** supplied, the company can be considered an important point of reference in the sector.

Its activity is carried out in the field of transport and disposal of aggregates, major road, building and hydraulic works, land arrangement and maintenance. All carried out with the utmost reliability and quality.
