

RE-PLAN CITY LIFE - Grant Agreement LIFE20 GIE/FR/000282

Relevant Audience Plan Leading to Awareness Network for Circular Economy Use of Recycled Tyre materials in city LIFE

Working Group Creation (Action A1.1)

Responsible : COMSA

Co-Responsible: KERIDIS, ETRA

Activities:

The **Working Groups (WG)** will be created according to the Areas of Applications and will be formed by partners. Three WGs are proposed:

- **WG1 - Transport infrastructures:** Roads, Rails, Tramways, Metro.

- **WG2 - Building:** Buildings and Construction, Concrete, Insulation.

- **WG3 - Urban & Sport:** Sports and Leisure Facilities, Urban Areas and Furniture, Rubber Products and Surfaces.

Each WG represent a wide Area of Applications, from which specific **Applications** will be chosen as targets of the Project Activities, at least one per WG, prioritising applications with potential wide markets, higher numbers of partners involved, and with more accessibility, in order to maximise implementation of GPPs.

The Working Groups have a central role in the whole project:

- they gather together experts from the various partners
- they are a place of sharing and discussion among partners
- they match the activities and results of various WP related to the specific topic area
- they are the mirror interface of the Stakeholders Advisory Committees

The Working Groups will have regular meetings, either jointly or each one separately, either virtual or in person. It has been considered at least one meeting of the 3 WG jointly together every quarter. WGs, are free to plan and organize extra meetings according to their needs.

A lean management structure within the working groups will be created to facilitate effective communication and management among the partners. To this purpose each WG will nominate a Chairman who will be also member of the Executive Committee of the Project.

**Working Group
Candidate Form**

Person : _____ **email:** _____

Organisation : _____ **Country** _____

Field of competence covered of our organisation (tick one or more box and specify further):

- ☐ Tyre Recycling
- ☐ Circular Economy
- ☐ GPP, Green Public Procurement
- ☐ City
- ☐ Urban Furniture
- ☐ Public works
- ☐ Public Administration
- ☐ Building Construction
- ☐ Transport Infrastructure, Roads, Rails
- ☐ Sport Facilities, Artificial Turf
- ☐ Other

I would like to join the following working group :

- ☐ **WG1 - Transport infrastructures:** Roads, Rails, Tramways, Metro :
- ☐ **WG2 - Building:** Buildings and Construction, Concrete, Insulation :
- ☐ **WG3 - Urban & Sport:** Sports and Leisure Facilities, Urban Areas and Furniture,

Other topic of preference : _____

Suggestions : _____

I attach a brief professional biography .
