AIR-TRIDEE – Drone Flight Information and Data Protection Notice

Location: Deutschnofen (BZ – Italy)

Email: info@air-tridee.com

Web: www.air-tridee.com

Contractor / Drone Operator: Air-Tridee di Gruber Armin

Client: _____

Date of drone flight: _____

Address / Property: _____

1. Purpose of the Drone Flight

The drone flight is carried out exclusively for the technical measurement of the roof and building of the property mentioned above. The collected data will be used for technical planning, analysis, or documentation related to the building.

2. Flight Area

The drone flight takes place exclusively above the specified building. No intentional recordings of surrounding properties or nearby areas will be made.

3. Data Protection and Privacy

Air-Tridee ensures the following:

- No intentional recordings of individuals will be made.
- Any accidental images of people will neither be stored nor used.
- Data collection is carried out solely for measuring the roof and the building.
- Data processing is conducted in accordance with the General Data Protection Regulation (GDPR).

Information for Neighbors

Dear Neighbors,

On the following date, a short drone flight will be carried out:

Date: _____

Address / Building: _____

The drone flight will be carried out by Air-Tridee and is exclusively intended for the technical measurement of the roof and the building mentioned above.

Important information:

- The drone will fly only above the building concerned.
- No intentional photographs or recordings of people will be taken.
- Images will be used only for technical measurement purposes.
- The flight usually lasts only a few minutes.

For any questions, you may contact the client or Air-Tridee.
