WORK EXPERIENCE

1) **"Pro. Rest. s.r.l.", architecture department of Coo.Be.C., Spoleto - 2007/2016**
Conservation Architect

Worked as a conservation architect in a 5 people team, mainly involved in restoration planning for listed and historic public buildings.

Pro. Rest. s.r.l. was the architecture department of Coo.Be.C., an Italian company established in 1975 to provide services for protection and preservation of the cultural heritage. This firm is made up of restorers of cultural heritage with a qualification recognized by Italian Cultural Heritage Ministry.

Took part in various activities for Italian and international customers: surveys, historic research, architectural design, work supervision, restoration and conservation planning for competitive tendering procedures, cost estimates, restoration progress reports, permanent and temporary exhibition design for museums, environmental planning, historic building recording.

- Seismic improvement and functional adaptation of Martinelli Mansion, Spoleto
- Restoration plan of St. Michael Church, Bevagna
- Layout of the exhibition "Pinturicchio", Galleria Nazionale dell'Umbria, Perugia
- Recovery plan of a historical complex, Madonna di Uncinano
- Façades restoration plan of the Monastery "Della Stella", Spoleto
- Interior design and furniture layout of the Museum Complex of St. Francis, Montefalco
- Restoration plan of the St. Mary de Ugonis Church, Vallo di Nera
- Restoration plan of the Cathedral for a competitive tendering procedure, Spoleto
- Surveys and conservation plans of the archaeological sites in Cyrene and Ptolemais, Libya
- Surveys, historic research and architectural analysis of the Portico de la Gloria, Cathedral of Santiago de Compostela, Spain
- Conservation and functional restoration plan for a competitive tendering procedure, Vaccaj Theatre, Tolentino
- Restoration plan of the "San Michele a Ripa" Hospice, seat of the ICCD (Italian Central Institute for the Catalogue and the Documentation), Rome
- Surveys and façade restoration plan of the Verdi Municipal Theatre, Terni
- Museum layout of the "Santa Maria d'Orsoletto" monumental complex for a competitive tendering procedure, Potenza
- Environmental plan for the improvement and development, Monti Sibillini National Park
- Historic building recording in the town of Spoleto for the Risk Map (Department of Civil Protection)
