Quando abbiamo deciso di realizzare il nostro progetto di una rivista totalmente dedicata alla cinofilia, sapevamo che nel 2024 era una sfida, il mondo virtuale stava spazzando via tutto e noi stavamo proponendo qualcosa che era già stato inventato e sembrava anche fuori moda, ma ci abbiamo creduto, ci siamo impegnati molto per fare un buon prodotto e alla fine abbiamo avuto il risultato che ci aspettavamo, tutti quelli che hanno fatto parte del nostro numero di lancio sono stati contenti del risultato, con molte cose da migliorare ma abbiamo ottenuto un prodotto di qualità che ha raggiunto molti paesi ma soprattutto è stato presente, con una quantità di copie da rendere felici tutti i nostri sponsor. Abbiamo avuto una presenza molto importante nel wds di Zagabria coprendo tutti i giorni della fiera e con un finale in cui siamo riusciti ad essere presenti in ognuno degli stand del bis (450 posti a sedere). Ognuno dei presenti aveva la sua copia di SDS, questa era la promessa che avevamo fatto ai nostri clienti e l'abbiamo mantenuta. Per il numero 2 abbiamo avuto la sfida di migliorarci, come faremo in ogni numero e abbiamo iniziato a lavorare per realizzarla, con interviste di livello internazionale, con un nuovo tipo di copertina che rivoluzionerà il nostro mercato, abbiamo rafforzato la quantità di stampe arrivando a 3500 copie, stiamo per raggiungere più paesi, ma soprattutto cerchiamo di aggiungere contenuti. Sappiamo che la sfida è ancora molto dura, ci lavoriamo, e cerchiamo di collaborare con tutti i club possibili per promuovere le loro esposizioni con l'obiettivo di migliorare ogni giorno la nostra cinofilia. Il mondo di oggi corre ad una velocità importante e noi non vogliamo rimanere indietro, la nostra rivista è un modo per mantenere alcune tradizioni e portare ai più malinconici un po' di quella cinofilia che sembra essersi persa, ma che dobbiamo cercare di resuscitare. È un lavoro che possiamo realizzare tutti insieme, per tornare un po' alle origini di questo meraviglioso "sport" chiamato cinofilia, ognuno dal suo posto collaborando per renderlo migliore ogni giorno, siamo convinti che sia possibile, dalla SDS abbiamo messo il nostro granello di sabbia e siamo sempre aperti a qualsiasi tipo di collaborazione per fare la nostra parte. Sarò sempre grato ad ognuna delle persone che ci hanno dato fiducia per il nostro primo numero e che ci hanno accompagnato nel secondo, super grato a tutti coloro che rendono il mio sogno realtà ANNA, FRANCESCA (ALESSANDRA) ai fotografi agli intervistati e ad ognuna delle persone che rendono SDS possibile. Grazie mille spero che siate felici di leggere il nostro numero 2.

*When we decided to carry out our project of a magazine dedicated to cynophilia, we knew that in 2024, it was a challenge. The virtual world was sweeping everything away, and we were proposing something that had already been invented and seemed out of fashion. Still, we believed in it, put a lot of effort into making a good product, and ultimately, we got the result we expected. *sent, with several copies that made all our sponsors happy. We had a significant presence in the Zagreb wds covering all the fair days and a finale where we managed to be in each encore stand (450 seats). Everyone present had their copy of SDS; that was the promise we made to our customers, and we kept it. For issue 2, we had the challenge to improve, as we will do in every issue. We have started working on it, with world-class interviews and a new type of cover that will revolutionise our market; we have increased the print run to 3500 copies, and we are going to reach more countries, but above all, we are looking to add content.*

*We know that the challenge is still strenuous; we work at it and try to collaborate with all possible clubs to promote their shows to improve our cynophilia every day. Today's world runs at a critical speed, and we don't want to be left behind; our magazine is a way to maintain some traditions and to bring to the most gloomy people a little bit of that cynophilia which seems to have been lost, but which we must try to resurrect. It is a work that we can all do together to return a little to the origins of this beautiful 'sport' called cynophilia, each one from his place collaborating to make it better every day. We are convinced it is possible; from the SDS, we have put our grain of sand and are always open to any collaboration to do our part.*

*I will always be grateful to everyone who trusted us for our first issue and accompanied us in our second. I am super thankful to everyone who made my dream come true: ANNA, FRANCESCA (ALESSANDRA), the photographers, the interviewees and every one of the people who make SDS possible. Thank you very much I hope you enjoy reading our number 2. Victor Platia*
