

# The Surfer's Code

## DON'T DROP IN

The surfer on the 'inside', closest to the breaking part of the wave has right of way

## PADDLE WIDE

When paddling out, stay wide of the break, away from other surfers

## DON'T THROW YOUR BOARD

Whenever safely possible try to hang onto your board. Learn to 'duck-dive' to get under waves. If you must discard your board make sure no-one is behind you or nearby

## COMMUNICATE

When catching a wave let others near you know which way you're going
