CONTACTS

WELCOME TO MY ECLECTIC WORLD

I was born and grew up in a leather artisan family, so I developed an incredible creativity and a very good manuality that I dedicated to the Jewelry world, one of my great passion since ever.

Thanks to Scuola Orafa Ambrosiana and a Master in Jewellery Design at the Politecnico of Milan I expand my skills and technical knowledge. Finally, the Degree in Public Relations and Corporate Communication at IULM allowed me to complete my brilliant (intended referring to the Jewellery) training course.

It all started in 2011 with my first Atelier in Milan, in Col Moschin street. It was my second home until 2016. Five unforgettable years.

I create my jewels with a great enthusiasm, determination and expertise, giving my contribute to the promotion of Made in Italy: unique jewels for unique women. A rich and amazing design, a great and a continuous research of new and high quality materials, as the SWAROVSKI Elements.

Little wearable artworks inspired by History, Art and Nature.
