MARCHINI Collection24

Il design è la nostra passione, la tecnologia il nostro know-how. La profonda conoscenza della materia prima, dei processi produttivi e delle soluzioni tecnologiche dà vita alle forme inconfondibili e decorative degli oggetti. Lo stile dinamico, la cura per i dettagli e lo studio delle proporzioni conferiscono personalità ad ogni ambiente. Dalla produzione in serie, alla produzione di valore: ogni oggetto, ogni accessorio, ogni complemento è il frutto della fusione di eccellenza ingegneristica ed esperienza artigianale, capitale umano e tecnologia al servizio della creatività.

Tecnologia artigiana

Design is our passion, technology our know-how. The profound knowledge of the raw material, production processes and technological solutions gives life to the unmistakable and deCorative shapes of objects. The dynamic style, attention to detail and study of proportions give personality to every environment. From mass production to the production of value: every object, every accessory, every complement is the result of the fusion of engineering excellence and artisanal experience, human capital and technology at the service of creativity.

Artisan technology

Progettato eticamente

Ethically designed

Non esiste bellezza senza responsabilità. Anche noi vogliamo che la Terra conservi la sua anima verde. Dietro ogni materia prima, ogni processo produttivo, ogni gesto compiuto c'è la certezza di operare secondo natura e cultura. Oggetti sostenibili, con oggetti fatti per durare nel tempo, non solo grazie ai materiali riciclabili al 100% e tecnologie di alta qualità che li rendono resistenti e durevoli, ma anche grazie alle forme sempre attuali che promuovono un consumo più consapevole, senza sprechi.

There is no beauty without responsibility. We too want the Earth to retain its green soul. Behind every raw material, every production process, every gesture made there is the certainty of ope - rating according to nature and culture. Product is sustainability, with objects made to last over time, not only thanks to the 100% recyclable materials and high quality technologies that make them resistant and durable, but also thanks to the ever-present shapes that promote more conscious consumption, without waste.

L'esposizione continua e prolungata al sole
può causare l'alterazione della finitura originale.

Gli articoli rotazionali con pareti dritte possono
avere delle non planarità (warpage) che potrebbero accentuarsi qualora l'articolo venisse esposto alla luce diretta e prolungata del sole.

MARCHINI HC declina ogni responsabilità per danni a cose e/o persone derivanti da un utilizzo improprio dei prodotti.

Continuous and prolonged exposure to sun rays
may cause changes to the original finishing.

Rotomoulded products with straight walls may
present some warpings that could become more
evident if the item is exposed to direct and continuous sunlight.

MARCHINI HC declines all responsibility for damage to things and/or people resulting from improper use of the products.
