

# Zar Avio Panoramica

## Panoramic Flight over Venice and the Lagoon

Discover the magic of Venice from an exclusive perspective with an exciting panoramic flight departing from Nicelli Airport, on the Lido of Venice.

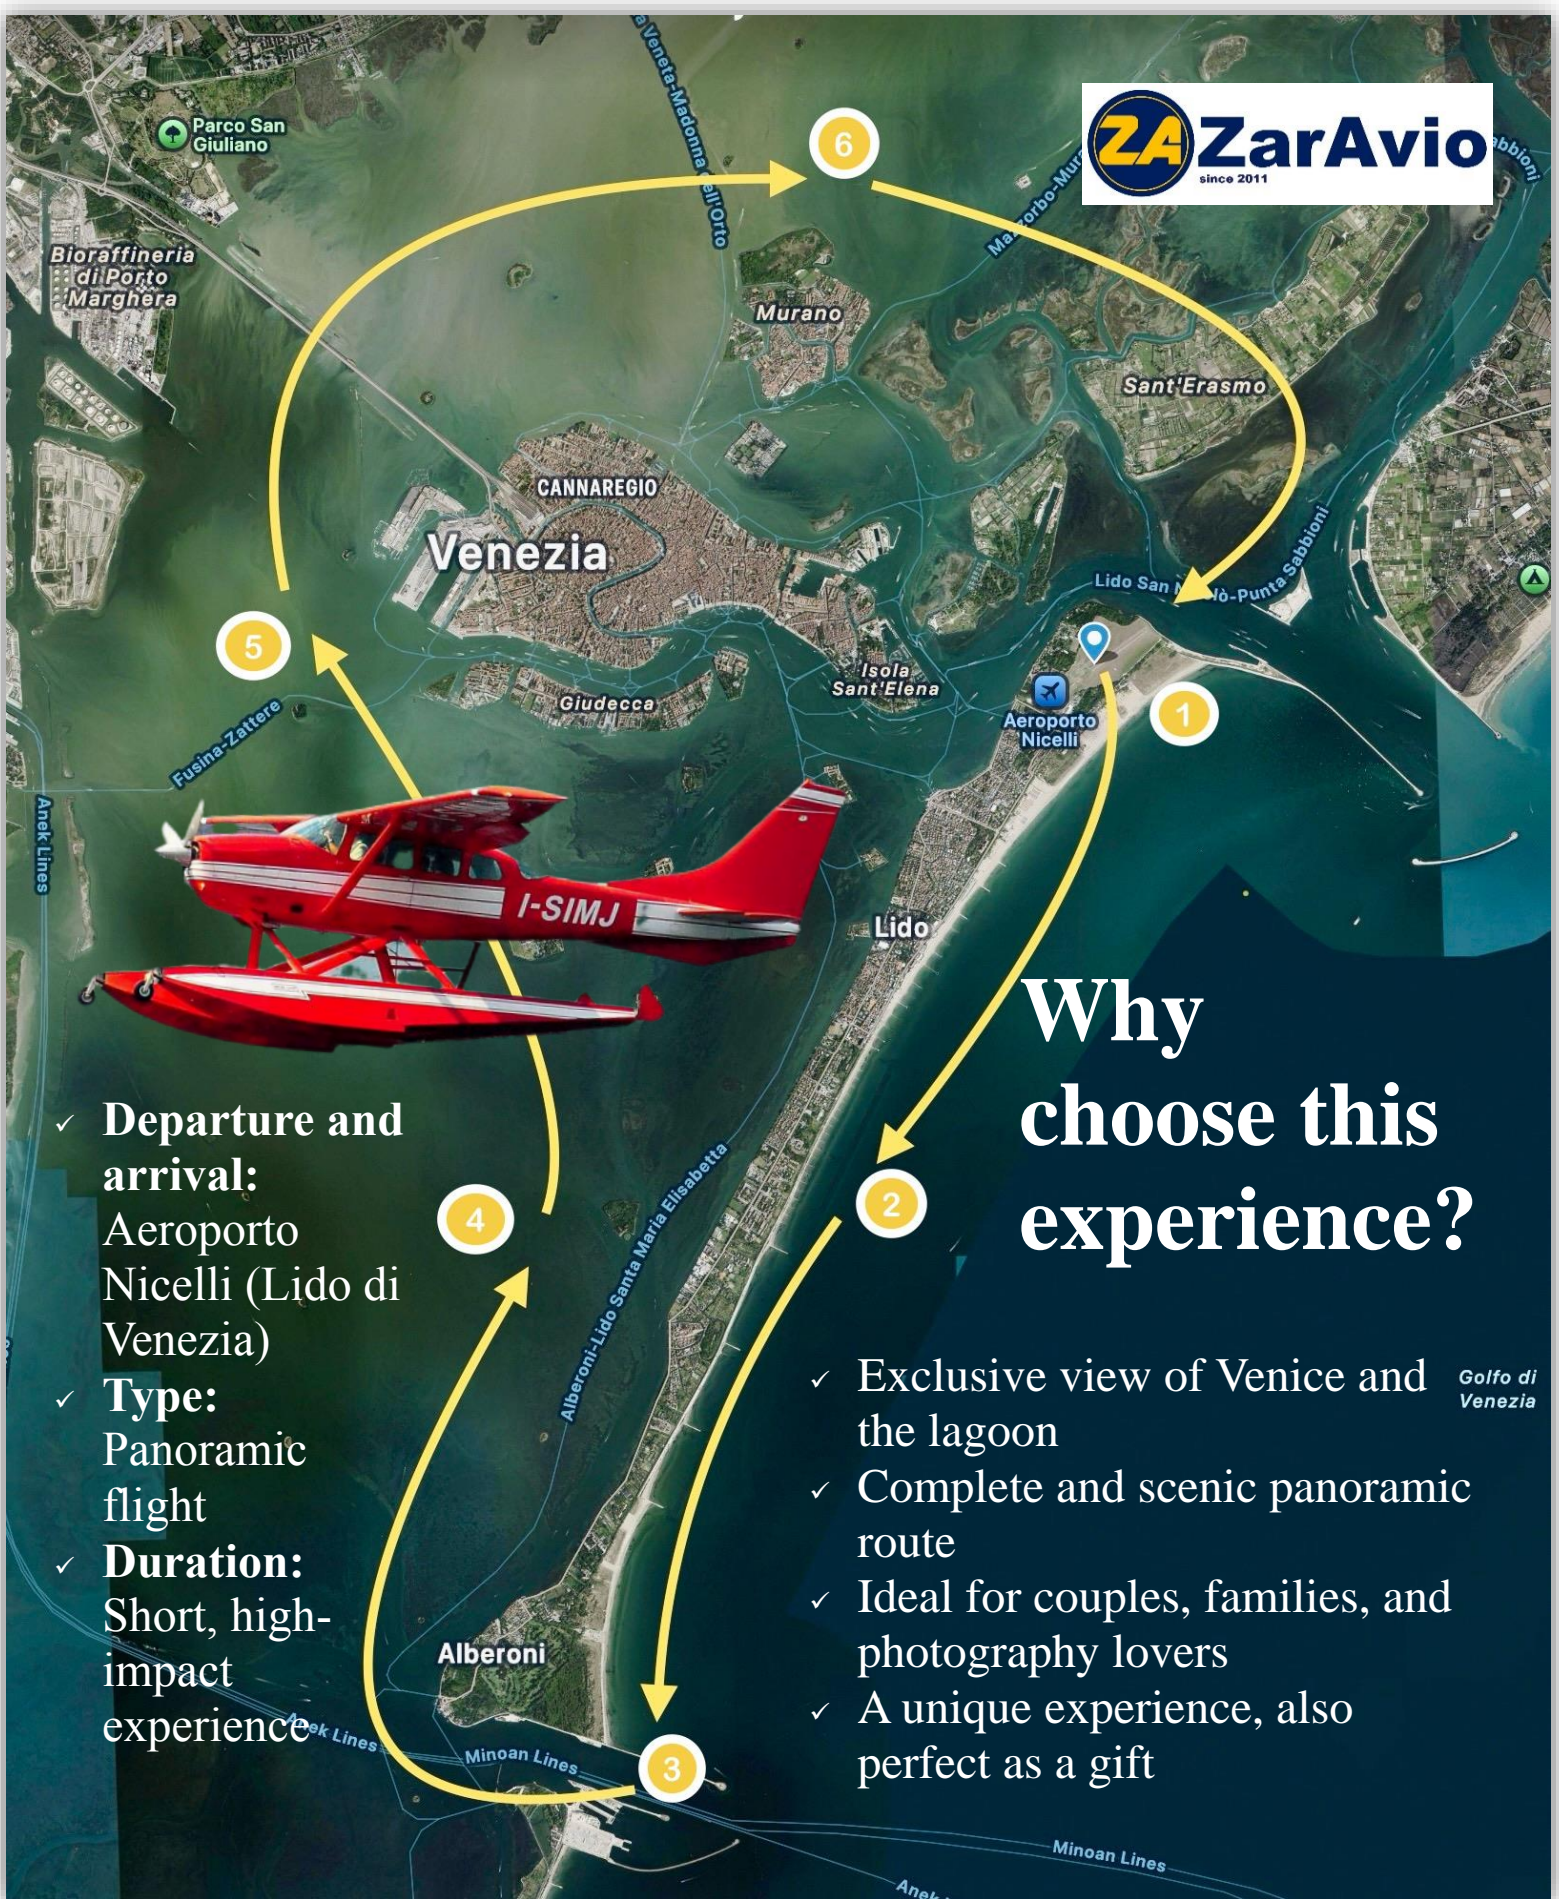

After takeoff, the journey begins heading south, flying over Malamocco and Alberoni, where the charm of the sea meets the tranquility of the lagoon. Continuing on, the aircraft turns north, offering a privileged view of the bridge connecting Venice to Mestre— a unique vantage point that blends history and modernity.

The flight continues over the enchanting islands of Murano, famous for its glassmaking tradition, and Sant’Erasmus, known as the “garden of Venice,” offering authentic and spectacular views.

The return flight heads back toward the Lido, landing at Nicelli Airport and completing an unforgettable experience between sky and lagoon.

# FLIGHT DETAILS

## ① Lido – Nicelli Airport

Takeoff from Nicelli Airport on the Lido of Venice. Initial views stretch between the Adriatic Sea and the lagoon, with long, narrow beaches.

## ② Lido Coastline

Flight heading south along the coast: open sea on one side, lagoon on the other. You can clearly appreciate the Lido's role as a natural barrier protecting Venice.

## ③ Alberoni

Fly over the natural area of Alberoni: dunes, pine forests, and sparsely urbanized zones—among the wildest parts of the lagoon.

## ④ Southern Lagoon

Turn inland over the southern lagoon: shallow waters, salt marshes, and winding channels. Here, you experience the lagoon's most authentic and less touristy environment.

## ⑤ Venice Waterfront

Approach the historic city: a spectacular view of Venice with its canals, the Giudecca islands, and the distant St. Mark's Basin.

## ⑥ Murano and Northern Lagoon

Fly over the Murano area, famous for glassmaking, and nearby islands such as Sant'Erasmus. A more open panorama with clear waters and shallow seabeds.

Return to Nicelli Airport
