PROTECTOR FOR FOX 32 & 34 TOP CAPS

Protector for the top cap of Fox 32 and 34 forks, designed to protect it from water, dust, and accidental impacts. Helps prevent rust formation that can compromise the bearing and spring, extending the service life of the components. Also compatible with GRIP cartridge top caps. Installation is quick and easy thanks to its press-fit system. Made from carbon-fiber-reinforced material to offer an excellent combination of strength, lightness, and durability.

Water & Dust Shield
