Cura e Manutenzione

Per la pulizia ordinaria, utilizzare esclusivamente panni morbidi e spugne non abrasive, inumiditi con acqua e/o detersivi neutri. È fondamentale evitare di graffiare la superficie e di impiegare detersivi eccessivamente aggressivi con pH estremamente alto o basso.

Si raccomanda di evitare prodotti contenenti alcol, acetone, ammoniaca, cloro, solventi, composti acidi e basici, poiché potrebbero ristagnare e macchiare o corrodere la superficie.

Mantenere lontani solventi per unghie, ammoniaca o detersivi contenenti ammoniaca, sbiancanti, pennarelli indelebili, inchiostro, saponi oleosi, limone, vino, caffè e bevande.

Qualora una delle sostanze sopra elencate dovesse entrare in contatto con la superficie, risciacquare e asciugare immediatamente.

Evitare bruciature da sigarette e non posizionare sulla superficie oggetti molto caldi o abrasivi.

Infine, smaltire il mobile seguendo le modalità e le procedure stabilite dall'azienda comunale competente per lo smaltimento.

Care and Maintenance

For ordinary cleaning, use only soft cloths and non-abrasive sponges, moistened with water and/or neutral detergents. It is essential to avoid scratching the surface and using excessively aggressive detergents with extremely high or low pH.

It is recommended to avoid products containing alcohol, acetone, ammonia, chlorine, solvents, acidic and basic compounds, as they could stagnate and stain or corrode the surface.

Keep away nail polish removers, ammonia or detergents containing ammonia, whiteners, permanent markers, ink, oily soaps, lemon, wine, coffee and drinks.

If any of the substances listed above should come into contact with the surface, rinse and dry immediately.

Avoid cigarette burns and do not place very hot or abrasive objects on the surface.

Finally, dispose of the furniture following the methods and procedures established by the competent municipal waste disposal company.

Note

Tutti i prezzi di questo catalogo sono da intendersi IVA esclusa.

Per consegna di ordini inferiori a € 1.000,00 iva esclusa sarà addebitato un contributo di trasporto di € 50,00 iva esclusa.

Le commesse sono sempre soggette all'approvazione dell'azienda, la quale può accettarle tacitamente o rifiutarle espressamente per iscritto entro dieci giorni dal ricevimento.

È fondamentale effettuare un controllo del materiale al momento dello scarico. Eventuali difformità riscontrate, attribuibili a fasi successive all'imballaggio (come rotture, ammaccature o graffiature), devono essere contestate immediatamente al trasportatore e annotate sul documento di trasporto, per poi essere comunicate all'azienda.

Non saranno accettate contestazioni successive, eccetto nel caso di evidenti difetti di fabbricazione riscontrati nel materiale. In tal caso, l'azienda provvederà alla sostituzione dopo che un suo incaricato avrà esaminato il prodotto contestato e verificato il difetto.

Non sono consentiti resi senza preventiva autorizzazione da parte dell'azienda.

Si respingono tutte le contestazioni relative alla tonalità e all'intensità delle venature dei top in marmo, ceramica e legno, poiché tali variazioni sono intrinseche ai materiali e naturali per loro natura.

Le immagini delle finiture e dei colori presentati devono essere considerate puramente indicative.

La nostra azienda si riserva il diritto di apportare modifiche a parti e dettagli in qualsiasi momento e senza preavviso, qualora ciò si renda necessario per migliorare la funzionalità o l'estetica dei prodotti.

Note

All prices in this catalog are exclusive of VAT.

Orders are always subject to the approval of the company, which can accept them tacitly or expressly reject them in writing within ten days of receipt.

It is essential to check the material upon unloading. Any discrepancies found, attributable to phases subsequent to packaging (such as breakages, dents or scratches), must be immediately contested to the carrier and noted on the transport document, and then communicated to the company.

Subsequent complaints will not be accepted, except in the case of obvious manufacturing defects found in the material. In this case, the company will replace the product after one of its representatives has examined the disputed product and verified the defect.

Returns are not permitted without prior authorization from the company.

All complaints relating to the shade and intensity of the grain of marble, ceramic and wood tops are rejected, as these variations are intrinsic to the materials and natural by their nature.
